Similarly on a large part of the circuit, dogs are prohibited by departmental decree from May 1 to October 30, even on a leash. Thinking about closing the gates of the parks is also to think of the shepherds and the flocks!

Col de la Bataille (A)

Several hypotheses exist as to the origin of the name of the Col de la Bataille. It could be that the name comes from the conflict between the monks of Leoncel and the monks of the other slope for the supremacy of the breeding Ovin. Another hypothesis evokes the confrontation between the winds of the North and the winds of the South.
